

Discover your Opportunities at Allianz

Intern (m/f) in Organizational Management

Allianz is the home for those who dare – a supportive place where you can take the initiative to grow and to actively strengthen our global leadership position. By truly caring about people – both its 85 million private and corporate customers and more than 142,000 employees – Allianz fosters a culture where its employees are empowered to collaborate, perform, embrace trends and challenge the industry. Our main ambition is to be our customers' trusted partner, instilling them with the confidence to grow. If you dare, join us at Allianz Group.

At the core of the Group's strength lies digitalization and its promise of growth opportunities through a 'digital by default' strategy. Allianz Technology SE is the principal driver behind transforming Allianz into a digital group – a quest to which nearly 7,500 Allianz Technology SE employees around the globe have committed themselves.

Allianz Technology SE equips the Group with the most cutting edge digital solutions in the industry, bringing Allianz to the fingertips of its customers. At Allianz Technology SE, innovation is more than a buzzword; it is the business of the day, every day.

Your new duties and responsibilities

The unit Organizational Management is structured into several departments managing for example the global footprint of Allianz Technology and the New Business Meeting (NBM) Office, which is responsible for reviewing and approving new Allianz Technology projects. Also, the several departments are in charge of the management of the overall Allianz Technology project portfolio and the standardization of processes and tools within Allianz Technology.

Key Responsibilities

- Active contribution to various international Allianz Technology projects by defining the business blueprint for future branch implementations and business transfers from the Allianz Group to Allianz Technology
- Coordination of project and contract approval processes in Allianz Technology
- Support the Central Project Office to maintain a standardized project management methodology
- Contribution to the development of process improvement, standardization and harmonization within the Allianz Group focusing on service quality
- Actively manage complex stakeholder environments including Allianz Technology service lines, support functions and international branches
- Contribution to the success of Allianz Technology transforming Allianz into a digital group

Key Requirements/Skills/Experience

- You are in the last year of your studies (Bachelor/Master/Diploma). Preferred study areas: business information technology, business operations or economics and similar study courses ideally with focus on e.g. IT shared service management (ITIL), Merger & Acquisition, Project and Change management
- International experience from working or studying abroad
- Fluent in English and German (basics)
- Passion for business and digitalization
