

# Discover your Opportunities at Allianz

## Intern in Business Continuity and Crisis Management (m/f)

Allianz is the home for those who dare – a supportive place where you can take the initiative to grow and to actively strengthen our global leadership position. By truly caring about people – both its 85 million private and corporate customers and more than 142,000 employees – Allianz fosters a culture where its employees are empowered to collaborate, perform, embrace trends and challenge the industry. Our main ambition is to be our customers' trusted partner, instilling them with the confidence to grow. If you dare, join us at Allianz Group.

At the core of the Group's strength lies digitalization and its promise of growth opportunities through a 'digital by default' strategy. Allianz Technology SE is the principal driver behind transforming Allianz into a digital group – a quest to which nearly 7,500 Allianz Technology SE employees around the globe have committed themselves. Allianz Technology SE equips the Group with the most cutting edge digital solutions in the industry, bringing Allianz to the fingertips of its customers. At Allianz Technology SE, innovation is more than a buzzword; it is the business of the day, every day.

### Your new duties and responsibilities

The Resilience Office is part of the Risk Management department at Allianz Technology. Its central objective is to safeguard employees, business critical processes and IT services as well as buildings in the case of disruptive events (e.g. cyber attacks, natural catastrophes). Such events cannot be prevented, but we can be prepared for hazardous times. Interested to counteract negative consequences for Allianz Technology and its clients? Join our team!

#### Key Responsibilities

- Support the Resilience Office with the identification of critical services (communicate with subject matter experts from different departments, conduct completeness - and quality checks on collected information, track if results were delivered in time etc.)
- Contribute to the conception, planning and implementation of a training program for Allianz Technology worldwide
- Contribute to the preparation of the Risk Committee by preparing meaningful slides
- Support the maintenance of the BCM tool

### Key Requirements/Skills/Experience

- You are in an advanced stage of your studies
- Fluency in English (written and spoken), German language skills are an advantage
- Profound technical knowledge in MS Office (Power Point, Excel and Word)
- Reliability, conscientiousness, proactiveness, ability to work autonomously and learn quickly
- High motivation and commitment
- Team-oriented working, thinking and acting
